May fortune befriend you, good wishes attend you  
 Whichever such customs have answered your search  
 In this season of kindness, may all our hearts find us  
 Good will that extends past the walls of the church.

In saying "Happy Holidays" we all in our different ways  
 Present our good wishes for your special day.  
 In the spirit of the season, good will, and sweet reason,  
 Receiving a flower, we give a bouquet.
